

2nd KES International Symposium
on
Intelligent Decision Technologies
IDT'10

Venue: Inner Harbor, Baltimore, Maryland, USA
28-30 July 2010

Web site : <http://idt-10.kesinternational.org>

Invited Sessions

Please fill and return this form to:

gwren@loyola.edu; or

Title of Session: [Advances in Intelligent Decision Systems](#)

Name of Chair: [Dr Bala M. Balachandran](#)

Name of Co-Chairs: [Dr Masoud Mohammadian](#) and [Prof Dharmendra Sharma](#)

Description: The field of Intelligent Decision Systems is growing rapidly and in recent times there has been a large number of successful applications in many areas including management, international business, finance, accounting, marketing, healthcare, military applications, production, networks, crisis response and human interfaces

It is therefore crucial that both academic and industrialists have access to a forum at which emerging technologies and application issues of this important field are presented and discussed. The aim of this Invited session on Advances in intelligent Decision Systems is to encourage and support activity in the research and development of Intelligent Decision Systems, in academic and industrial efforts.

Topics include but are not limited to:

- intelligent agents
- multi-agent systems
- artificial neural networks
- fuzzy logic
- genetic algorithms
- expert systems
- intelligent decision support systems
- information retrieval systems,
- knowledge management systems.
